

CAREER VICTORIES

The THSCA will award a certificate/plaque to honor coaches in football, baseball, basketball, soccer, track and golf. It will be each coach's responsibility to mail information to the THSCA as soon as the career victory mark is passed. Coaches must also include their coaching record at each school (varsity level) and the number of wins per season at each school. It is very important to denote head coaching victories from assistant coach victories. Assistant coaches will only be awarded certificates and must count victories in VARSITY sports only. Certificates will be mailed as soon as the forms can be processed. Plaques will be presented at Coaching School or other arrangements may be made.
